

Christian Bracco

Associate Professor, University of Nice Sophia-Antipolis.

Researcher in the team History of astronomy, Syrte, Paris Observatory.

Selected publications:

Book : C. Bracco *Quand Albert devient Einstein* (CNRS Editions, 2017).

Online habitation manuscript: *History and Teaching of physics: Light, Planetary motions, Relativity and Quanta* (in French) (2010) HAL: tel-00529686, <http://hal-obspm.ccsd.cnrs.fr/>

Articles :

J.-P. Provost and C.B, The 1895 Lorentz transformations: historical issues and present teaching, *European Journal of Physics* 37 (2016) in *Highlights 2016*.

C.B, Einstein and Besso: from Zurich to Milano, *Rendiconti Istituto Lombardo, accademia di scienze e lettere*, Rendiconti di Scienze 48 (2015), 285-322 ; <http://www.ilasl.org/index.php/Scienze/article/view/178>

C.B. and J.-P.P, From Electromagnetism to Mechanics: The Role of Action in Poincaré's *Mémoire* of 1905 http://cairn-int.info/abstract-E_RHS_622_0457--from-electromagnetism-to-mechanics.htm, in French in *Revue d'Histoire des Sciences* 61/2 (2009), 457-493

J.-P.P and C.B, A simple derivation of Kepler's law without solving differential equations, *European Journal of Physics* 30 (2009), 581-586.

C.B, J.-P.P and P. Salati, A pedagogical approximation for the gravitational energy radiated by a Keplerian system, *American Journal of Physics* 77 (2008) 886-889.

J.-P.P and C.B, Einstein's quanta and the « true » volume dependence of the black body entropy *European Journal of Physics* 29 (2008), 1085-1091.

J.-P.P and C.B, Poincaré's relativity theory and Active Transformations (in French) *Archive for History of Exact Sciences* 60 (2006), 337-351.

C.B and P. Teysandier Scintillation in scalar-tensor theories of gravity, *Astronomy and Astrophysics* 339 (1998), 921-928.

Book Chapter :

JPP et CB, A brief history of the energy-momentum tensor: 1900-1915 (in French), *Théorie quantique des champs : Méthodes et applications*, Actes de l'école de physique théorique de Jijel, 2009, *Collection Travaux en cours* (Paris : Hermann, 2014), 33 p.
