PPT video projectors will be available. We advise the speakers to copy their PPT files to the computers in advance, in order to save time for connecting computers! We also advise the organizer of each session (including plenary session) (i.e. Yipeng Jing; Xue Shesheng; David Blair) to prepare the computers connected to the video projectors. Neither LOC nor the hotel can provide the computer.

One-day excursion to Hangzhou on the 30th of Oct is organized, with the expenses paid to the travel agency by the participants themselves. The cost is about 300 RMB, depending on the number of participants, but in any case no more than 400 RMB. The exact amount will be announced on the 26th Oct. The excursion may be cancelled if the number of the participants is fewer than 20. For the trip being arranged, those who are interested in joining the excursion are kindly asked to send an email as soon as possible to zhaoll@shao.ac.cn. The participants may be limited according to the capacity of the buses and we will follow the rule “the first come the first served”. The registration for the excursion will be closed on the 26th of Oct., since we have to confirm with the travel agency.
